N. B.—Maps are *not sold* at the Office of the Surveyor General of India, Calcutta, but applications for maps on payment should be made to Agents. This Department only issues maps, *free of charge*, on the Public Service. It is particularly requested that the nearest local Agent, as above, be first applied to, for any map required on the Public Service before indenting on this Department. The *cost of postage of parcels must be borne by applicants themselves*, as also such incidental charges as may be incurred at their request for mounting and binding maps. The best maps are invariably supplied in lieu of those asked for, which may not be available, and lists of all newly published maps are periodically notified in the Gazettes of India and of local Governments.

NOTICE.

Sealed Tenders are invited by the Superintendent of Marine at the Calcutta Dockyard up to 12 o'clock noon on Thursday, the 14th March 1878, for the supply, by contract, of the articles specified in the several classes entered in the Schedule, for one year from 1st April 1878 to 31st March 1879, or until the date of sanction by Government of new contracts for the year 1879-80.

2. Forms of Tender, with copies of the Schedule, will be supplied by the undersigned and none others will be received. Tenderers must also distinctly understand that any alteration or erasure in the figures, &c., once entered in the three last columns of the Schedule, viz., "Tendered Rates," "Per" and "Amount of the Tendered Rates," also omission of totals, will render their Tender informal and lead to its rejection.

3. Tenders to be superscribed "Tenders for the supply of Miscellaneous Articles."

4. Tenders will not be received after the hour named.

5. Parties may tender for one or as many complete classes as they please, but not for a portion of class.

6. Parties must show in the Schedule the rate, &c., at which they tender to supply each and every article comprised in one or as many complete classes as they intend to tender.

7. Each Tender, before being opened, must be accompanied with the requisite deposit in cash.

8. Each Tenderer must be prepared to supply all articles equal to the samples produced at the Office of the Superintendent of Marine, which are sealed and kept at his Office for their inspection, and to abide by the conditions specified in the Form of Tender.

9. No reason will be assigned by the Superintendent of Marine for rejection of any Tender, and he does not bind himself to accept the lowest tender.

10. Persons desirous of undertaking the contract can obtain, on application at the Office of the undersigned, printed Forms of Tender and Schedule of the Articles to be supplied, and any other information that may be required connected with the contract, and the conditions the Tenderers must abide by, to prevent their tenders being treated as informal.

G. T. ROBINSON, Comdr., I. N.,
Superintendent of Marine.

NOTICE.

Sealed Tenders are invited by the Superintendent of Marine, at the Calcutta Dockyard, up to 12 o'clock noon on Monday, the 18th March 1878, for the supply, by contract, of the articles specified in the several classes entered in the Schedule, for one year from 1st April 1878 to 31st March 1879, or until the date of sanction by Government of new contracts for the year 1879-80.

2. Forms of Tender, with copies of the Schedule, will be supplied by the undersigned and none others will be received. Tenderers must also distinctly understand that any alteration or erasure in the figures, &c., once entered in the three last columns of the Schedule, *viz.*, "Tendered Rates," "Per" and "Amount of the Tendered Rates," also omission of totals, will render their Tender informal and lead to its rejection.

3. Tenders to be superscribed "Tenders for the supply of Miscellaneous Articles."

4. Tenders will not be received after the hour named.

5. Parties may tender for one or as many complete classes as they please, but not for a portion of class.

6. Parties must show in the Schedule the rate, &c., at which they tender to supply each and every article comprised in one or as many complete classes as they intend to tender.

7. Each Tender, before being opened, must be accompanied with the requisite deposit in cash.

8. Each Tenderer must be prepared to supply all articles equal to the samples produced at the Office of the Superintendent of Marine, which are sealed and kept at his Office for their inspection, and to abide by the conditions specified in the Form of Tender.

9. No reason will be assigned by the Superintendent of Marine for rejection of any Tender, and he does not bind himself to accept the lowest tender.

10. Persons desirous of undertaking the contract can obtain, on application at the Office of the undersigned, printed Forms of Tender and Schedule of the Articles to be supplied, and any other information that may be required connected with the contract, and the conditions the Tenderers must abide by, to prevent their tenders being treated as informal.
